

Culture And Society: An Introduction To Cultural Studies

"Too often cultural studies discourse seems cut off from wider developments in social theory. As a sociologist with a strong cultural studies sensibility, David Oswell is ideally placed to put this right. Through a series of well-judged and historically nuanced readings of cultural, social theory and critical philosophy, this book provides just the bridge between cultural studies and wider debates that we need."

Nick Cauley, *Reader in Media, Communications and Culture, London School of Economics and Political Science*
